

Viewing Schedule Prerequisites That Default from the Catalog Level

Purpose

The Schedule Prerequisite and Test Score Restrictions Form (SSAPREQ) is used to maintain prerequisite restrictions at the **schedule level**.

Course prerequisite restrictions (SCAPREQ) default to each section of a course created using the Schedule Form (SSASECT). During registration processing, prerequisite checking enforces prerequisite restrictions defined at the **section level only**. Course level pre-requisite restrictions are **never** checked during registration processing.

Catalog Prerequisite and Test Score Restrictions SCAPREQ 8.5.0.3 (TRNG)

Subject: CHE Chemistry Course: 203 Term: 200730
Course Title: ORGANIC LAB I
