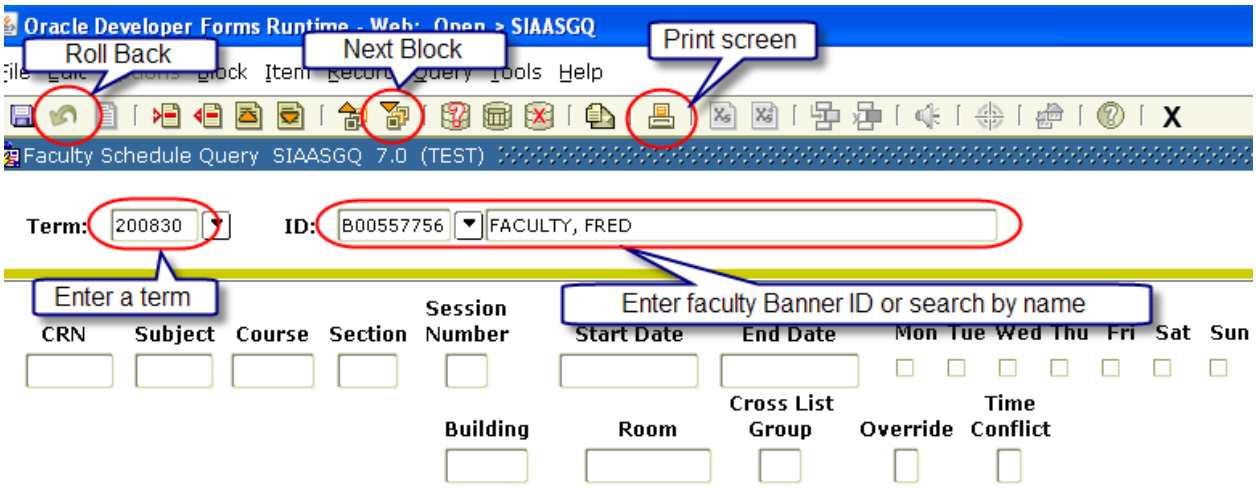
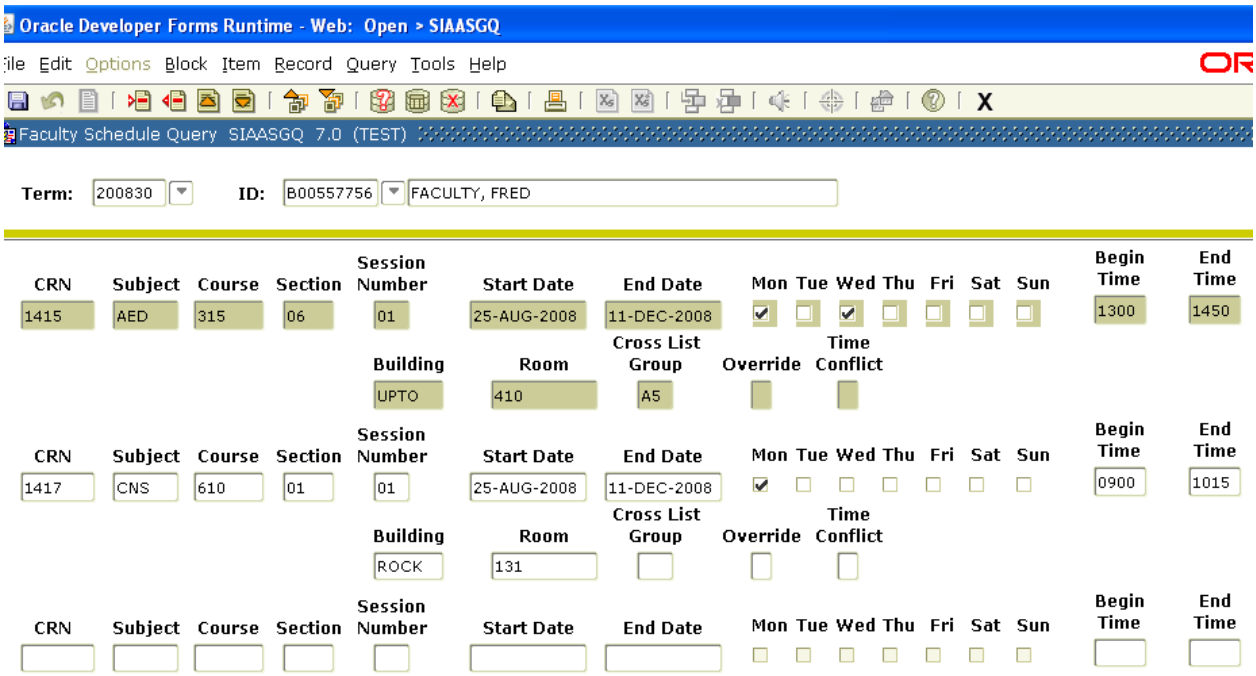
SIAASGQ
Faculty Schedule Query

This query form gives you an online view of a faculty member's instructional schedule. The form is query only and will display all the class assignments which the faculty member has been assigned to, for the term and ID specified in the Key Information.
A person must be a faculty member and have been assigned to courses using either the Faculty Assignment Form (SIAASGN) or the Schedule Form (SSASECT) for this form to be useful.
This form is accessed via the Instructor Information section of the Schedule Form (SSASECT), via the menu, or from SIAASGN by performing a Count Query Hits function from the **CRN** field.

1. Open SIAASGQ
2. In the key block, enter a term and faculty Banner ID or name (last, first)
3. Click on the Next Block icon or press Ctrl+PageDown





4. The faculty schedule for the selected term should appear in the information block.
