

SSARRES
Schedule Restrictions

This form is used to enter or see restrictions on a given course. The semester must be entered in the following format yyyytt where y=year and t=term. If you want to see courses for spring 2008 you would enter 200810; for summer you would enter 200820; and for fall you would enter 200830. You must also enter the CRN(four-digit course reference number) of the course. Include means that only those who satisfy the restriction can register for the course. Exclude is the default and means that those who do not satisfy the criteria can register for the course. The only restrictions used on our campus are Major, Class and Level. Click on Next Block or Ctrl+PgDn to navigate through the form.

Major Restrictions

Include **Exclude**

Major	Description
<input type="text" value="CNS"/>	Art Conservation
<input type="text"/>	
<input type="text"/>
